1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1 through 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1 line 6, the language "the upstream sheet feeding equipment" lacks proper antecedent basis since upstream sheet feeding equipment has not been previously positively recited.

In claim 4 line 1, the language "the plurality of conveyor belts" lacks antecedent basis as plural conveyor belts have not been previously positively recited.

Claims 1 and 2 recite only a single conveyor belt.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1, 3, 7, 8, 21 and 24 through 26 are rejected under 35 U.S.C. 102(b) as being anticipate by Schoonmaker et al (cited by applicant).

See column 4 lines 61-68 and column 5 lines 14-18 and lines 29-32.

5. Claims 2, 4 through 6, 9 through 18 and 20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Art Unit: 3653

6. Claims 23 and 27 through 35 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
7. Claims 36 through 72 are allowed.
8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David H Bollinger whose telephone number is 703-308-1113. The examiner can normally be reached on Monday through Friday from 9:00 am to 5:00 pm.
